Early European Landing Is Hinted by Churchill

Long Debate in House

Resolution Asking Pension

Reforms for Alberta Aged

Passed by Vote of 33 to 13

By a vote of 33 to 13, the Legislature Thursday night gave approval to an amended resolution which asks the Dominion government to lower the old age pension limit from 70 to 60 years of age, and to increase the pension to \$50 a month.

Two Army Race

Chortkov Taken

By Russians in

Victorious Push

By TOM YARBROUGH

LONDON, March 24.—(AP)—A big advance south of Tarnopol and the Army has captured Chortkov, 40 miles south of that grimly contested centre, and Zalesch, 25 miles north of the Prut river. Premier Marshal Stalin announced tonight.

Stalin said troops of the 1st Ukrainian front had advanced 27 to 42 miles in a four-day offensive after beating off all German counterattacks in the Tarnopol-Proskur sector.

More than 400 other populated places were liberated, he said. In addition to Chortkov and Zalesch, which is on the Dniester river, 62 miles south of Tarnopol.

By HARRISON SALISBURY

Exclusive to The Edmonton Bulletin. Moscow, March 24.—Two Russian armies raced through shattered German defences for the honor of driving the first wedge to the Rumanian frontier today, forcing nearly three-fourths of the way across Bessarabia and down through pre-war Poland to the upper Dniester of the upper Dniester.

Marshal Ivan S. Konev's second army held the advantage in the racing within 15 miles of the Prut river border line with the capture of Ryskankov in Bessarabia.

At the same time a sudden southward surge by Marshal Gregory K. Zhukov's first army against crumbling German resistance sent spearheads closer and closer to Cernauli to the northwest.

GERMAN REPORT

A German command reported unambiguously definite fighting against superior Soviet forces between the middle Bug and the Prister rivers as well as on the 60-mile Tarnopol-Proskur front where the first army of the Wehrmacht was pressing a new offensive.

Front reports from the regions where the Russians were approaching Rumania referred to the German demoralization and shattered German divisions which the Nazi command was trying to stiffen with fresh Rumanian troops.

Despite his wound, the robber jumped to his feet and made an attempt to get the cash but was held by the soldier who was on his face, threw him to the floor and then collapsed.

Although he was unable to move, the man who was on his face, threw him to the floor and then collapsed.

Mentioned in Army Dispatches

Eight Alberta Soldiers Mentioned in Dispatches

By ROGER GREEN

LONDON, March 24.—(AP)—Prime Minister Churchill paid a surprise visit to United States air-borne troops in the English channel today and in a voice of deep feeling told them they "agon will have the opportunity of landing upon the soil of Nazi-occupied Europe."

In company with Gen. Dwight D. Eisenhower, Lt. Gen. Omar N. Bradley, senior commander of American ground forces in the United Kingdom, and Maj. Gen. Lewis H. Brereton, commander of the U.S. 8th Air Force, Prime Minister witnessed the colorful spectacle of many hundreds of American skytroops leaping from waves of planes onto the green English fields a few hundred yards from the reviewing stand.

Mr. Churchill told the battle-hardened paratroops: "You are a great part to play." "Mr. Churchill told the battle-hardened paratroops: "You are a great part to play."

Stiff Opposition

Provincial Bank Bill Is Passed By Legislature

Authorizing the formation of an Alberta Provincial Bank, a bill was passed through the Legislature's committee of the whole late Thursday night over stiff opposition of independent party members.

The bill was reported to Mr. Speaker Peter Dawson for third reading.

Purpose of the legislation is to give the lieutenant-governor-in-council power to have enactment of a Dominion statute incorporating the bank. It will have one or more cabinet ministers as provisional directors.

TO PROVIDE \$500,000

The legislation will allow the provincial treasurer, after receiving approval of the lieutenant-governor-in-council, to pay the sum of \$500,000 out of general revenue to enable members of the executive committee to become bank shareholders, up to \$10,000 each.

George MacLachlan (Ind.-Pemb.) said the bill, "this is probably one of the most important bills of the session, and it is now 3:30 a.m. on a prorogation night."

He said the bill is the first bill authorizing an application for such a bank charter was passed by the Legislature in 1940, and it was continued on Feb. 3, Col. 4.

Wins Promotion

Is Received By Legation

ANKARA, March 24.—(AP)—The Rumanian legation here confirmed today that Germany has occupied Rumania.

An official said he had only the briefest information. A strong possibility exists that the Rumanian legation in Turkey, or at least a few Rumanian officials, will refuse to continue to function in view of the occupation.

By JOHN A. PARRIS

Exclusive to The Edmonton Bulletin. LONDON, March 24.—German forces were reported today nearing completion of the Nazi satellite states in southeastern Europe.

With Hungary already under push and the Germans were said in an Ankara dispatch to have pushed 30,000 troops across the Rumanian frontier to seize all communications, railways and other strategic points, while SS troops from Vienna were reported to be occupying strategic points in Slovakia.

An Ankara report to the Daily Herald added that every Bulgarian and Rumanian city on the Black Sea under German occupation, together with all transport facilities on the Danube from Budapest to Vienna, were reported to be in the firm grip of the Nazis.

Some difficulties

While the Germans desperately were attempting to reorganize the Balkan setup in the face of Soviet pressure from the northeast, various sources said the Nazis were enacting synthetic rubber production in the Balkans.

General mobilization had been ordered in Rumania as the German army moved into the country from the border near occupied Hungary.

Report by Howe

Says Synthetic Rubber to Rival Natural Product

OTTAWA, March 24.—(CP)—Munitions Minister Howe yesterday in the commons he expected synthetic rubber production in Canada would be competitive with natural rubber.

Cost of rubber produced at the government plant at Sarnia, Ont., was about 10 cents a pound, compared with a price of about 14 cents for imported synthetic rubber.

In a matter of weeks it was expected to reach 20 cents a pound and eventually to perhapse 16 cents.

The heaviest enemy casualties were in the Chin hills to the south of Tarnopol where the dead were estimated at 500.

Hard fighting developed north of Tarnopol, 17 miles north of the Prut river, when British troops moved north to meet a threat to their flank from an enemy unit which cut the Tarnopol road.

NEAR FULL OPERATION

The plant now was completed and getting close to full operation. There had been no "serious disappointments" in spite of limited experience. Knowledge available on construction of such a plant. The project was well advanced, and the cost would be within 10 to 20 per cent of the estimated figure.

The product was "first class," continued on Page 2, Col. 4.

Accept Invite

OTTAWA, March 24.—(CP)—Prime Minister Mackenzie King today in the Commons that all members of the Commons had accepted an invitation to attend a Dominion-Provincial conference.

Answer Gordon Graydon, Progressive Conservative House Leader, Mr. King said he was unable to give the date of the conference, but it would be held as soon as possible.

Admits Intimacies

Joan Berry Gives Evidence Of Relations With Chaplin

By JAMES LINDSEY

LOS ANGELES, March 24.—(AP)—Charles Chaplin's counsel fought today to get into the record of the pantomimist's trial on a Mann Act charge a letter star witness Joan Berry wrote to Chaplin in which she spoke of her plans to marry another man.

After a long conference, Judge J. F. O'Connor ruled out the entire first page of the letter and six lines of the second page. The letter, written from Toluca, Mex., Nov. 22, 1942, after Joan's trip to New York, said she was "in love" with another man.

"You'd not only forgive me for writing but would almost feel sorry for me for my cross-examination," she said, making the 1215 pages tomorrow.

Weather

Today and Saturday—Partly cloudy, light snowflakes, with moderating temperatures.

Sun rises Saturday 7:36. Sets 7:55. Light up vehicles by 8:35. Light down by 8:35.

Edmonton Temperatures—Thursday, maximum, 13, Friday, minimum, 2. Estimated low tonight, 10, estimated high tomorrow, 20.

U.S. Bombers Raid Targets On Continent

By PHIL AULT
Excerpted from the Edmonton Bulletin
Copyright, 1944, by British United News
LONDON, March 24.—American bombers rained over hundreds of miles of Germany and France today, bombing up to 250 heavy bombers each. Fortresses encountered a German fighter force which they once fought bitter battles with Nazi fighters as well as other objectives, and the Liberators plastered air bases in northeastern France.

American airmen returning from fourteenth penetration of Germany this week said they found the targets blanketed with clouds, and encountered only moderate anti-aircraft fire and no German fighter planes.

The daylight attacks were on a smaller scale than the powerful assaults on the Reich earlier this week, but carried on an Allied offensive of receding positions which had been pressed through the night by R.A.F. Bomber Command attacks on Lyons and Laon in France and on Dortmund, Germany.

The Evening Standard estimated that 200,000 British, Dominion and American crewmen had been over Germany in major attacks since the first war entered the new and intensified stage.

"Breaks Date"
HAGHERSTOWN, Md., March 24.—(AP)—Hubert Stine, 19, fell 65 feet from a factory roof, but the only injury he sustained was a date. From the ambulance which took him to hospital for a checkup, a young girl asked a friend to telephone a girl and "tell her I'll have to break our date for tonight."

**RETAL SORENESS AND
PILE TORTURE
QUICKLY RELIEVED**
If you are bothered with itching or painful hemorrhoids, do not use harsh treatments. The relief is found in this new, gentle, non-irritating cream. It soothes the inflamed tissue, relieves the itching and soothes the inflamed tissue. It soothes the inflamed tissue, relieves the itching and soothes the inflamed tissue.

**Falls Eight Floor,
But Infant Lives**
MIAMI BEACH, Fla., March 24.—(AP)—Bryce L. Taylor, eight-month-old son of a returned army flyer, survived a fall from the eighth floor of a Miami Beach hotel the Army Air Force said yesterday. X-ray photographs showed the baby had a broken bone in the right leg and a slight neck injury.

Early Landing On Continent Is Predicted

Continued from Page One
preparing themselves to strike a blow of a greater scale than either of our two countries have ever fought for in 60 years.

"It is a world case because, though no one can tell how the future of the world will shape itself, we are certain that the dark tyrannies which have overclouded our lives and drawn our people from their homes will be broken and battered down, and that an example shall be made of the gaudy but prevent such tyrannies from being erected again upon the masses of the people."

It was Mr. Churchill's first inspection visit to an all-American unit and the prime minister, in a jovial mood and showing the keen interest in all the complicated paraphernalia the American airborne equipment, passed repeatedly to talk with the men from overseas. Needless to say, the Americans showed even keener interest in the man who brought Britain forward from the black days of Dunkerque to the threshold of victory.

HIGH CONFIDENCE
Of victory he expressed high confidence.

"I thank God you are here," he said, "and from the bottom of my heart I wish you all good fortune and success."

**Oats, Barley, Rye
Quotas Increased
To 15 Bush.**

WINNIPEG, March 24.—(CP)—The general quota for oats, barley and rye has been increased from 10 to 15 bushels per seeded acre, the Canadian wheat board announced yesterday.

A survey of prairie delivery points showed there remains to be marketed a total of 65,000,000 bushels of oats; 27,000,000 of barley, and 1,000,000 bushels of rye.

**Falls Eight Floor,

Presentation Says Synthetic U.S. Medals Rubber to Rival Here Saturday

Continued from Page One
The Canadian plant was the first on this continent to be awarded a medal for the production of materials required and the actual processing, with the result the price of the product was kept down.

Big-Gon, Dale V. Gaffney, commanding general of the Alaskan Wing of the U.S.A.F., will make the presentation to Mrs. Rogers, a ceremony to be held at the Edmonton air base of the U.S. air forces, starting at 2:30 p.m. Saturday.

Girl Testifies Relations With Chaplin

Continued from Page One
how he would link the letter up with the girl.

ASKED ABOUT BONUS
Earlier Joan was asked about a bonus of \$10,000 received from the United States for her services as a refugee, proposed in a statement today that the free press of Europe and Asia temporarily offer their thanks to her.

Describing a visit to New York in October, 1942, she said she visited the Chaplins and later in a taxi Chaplin suggested that she go to his apartment to talk over some matters with him.

NOT HER SUGGESTION
"I didn't suggest that you go there to talk over some matters with him," Giesler demanded.

"I did not," she said. "As the Waldorf, you say, you had an act of sexual intercourse. Did Mr. Chaplin understand?"

"Completely," she said. "I was with him for a long time."

She said she returned to Los Angeles and stopped at the Ambassador hotel, but did not see Chaplin.

"Did Mr. Chaplin pay your hotel bill?" Giesler demanded.

STUDIO PAID BILL
"No," she said. "My lawyer, Mr. Giesler, paid the bill."

She said she returned to Los Angeles and stopped at the Ambassador hotel, but did not see Chaplin.

Eight Alberta Soldiers Gain Army 'Mentions'

Continued from Page One
enlistment as a private on September 1, 1940.

He attended McLaughlin high school in 1920. He attended Alberta College in 1921, and was a member of the varsity football team.

Proceeding overseas in Dec. 1939, he rose through the ranks until he became a warrant officer.

In addition to his wife, there is one son, a son, 10, residing at 13107 30 street.

CSM. Ragan was born at Stettler, Sept. 1, 1920. He attended Alberta College in Edmonton and was a member of the varsity football team.

He proceeded overseas in Dec. 1939. He proceeded overseas shortly after.

Former Bulletin carrier boy, CSM. Ragan was educated at King Edward School in Stettler, and at the University of Alberta in Edmonton. He enlisted in the Royal Canadian Mounted Regiment at the outbreak of the war and was promoted to sergeant in 1941.

He was promoted to sergeant in 1941. He was promoted to sergeant in 1941.

Underwriters Hold One-Day Meeting Here

One-day convention of the Edmonton Life Underwriters' Association opened Friday morning at the Corona hotel. W. J. Monaghan acted as chairman at the morning session which was held at 9 a.m. President of the association, Earl Giesse, gave a brief welcome address and a welcome from the provincial government was given by the Hon. A. J. Hooke, provincial secretary.

A Gordon Nairn, field supervisor, spoke on "A Blue Print for Canada's Life Underwriting," and R. M. Moore also addressed the gathering. His topic was "Rumbling Thoughts."

John J. Gormley, Dominion president of the association, in speaking on "What Does Your Association Mean to You?" outlined the life insurance business in Canada. In stressing the fact that life insurance has been the business in Canada he said life insurance has been operating in Canada for more than 100 years and during this time 100 cents on the dollar has always been paid policyholders and their dependents.

"No business is more constantly under government supervision and control than the life insurance business."

He spoke on the profits to shareholders, the economic contribution, the benefits of the association system and compared private life insurance companies with government-owned companies. "Only in New Zealand is a government-owned life insurance company," he said, "and it is a comparable basis with private life insurance companies and yet in that country private companies are the government operations four to five because of great inflation," he said.

Chairman of the afternoon session was J. B. Bollen. He was followed by Mr. Gormley, Ken McKenna, Len B. Shaw, and Gordon Nairn. The convention will close with a banquet at 8:30 p.m. at which the guest speaker will be Dr. W. A. Atkinson.

Officers of the association are: President, Earl Giesse, vice-president, W. E. Smith, and secretary-treasurer, D. N. McLean. Members of the executive: R. F. Aker, Gordon Goss, C. L. W. Scott, D. N. Young, J. F. Tremblay.

Before the Magistrate

Penalties of \$3 and costs or five days, were handed down by Magistrate L. H. Harty on charges of obstructing traffic on Thursday afternoon on R. J. Lewis, Sydney Richmond and John Smith. Lewis was fined \$3 and costs or five days for obstructing traffic on two charges each of traffic offences. Smith and John Smith were each fined \$3 and costs or five days for obstructing traffic on two charges each of traffic offences.

Penalties were assessed \$5 or seven days each on other counts of breach of the Highway Traffic Act. They were: R. J. Lewis, \$5 or seven days; John Smith, \$5 or seven days; and William Proche, Herman Ducharme, Pierre Mahe and Charles Goss, \$5 or seven days each on two charges against him, was assessed a further penalty of \$5 or seven days on the second count.

John Sullivan, with two counts of breach of the Public Service Vehicle Act against him, was assessed a fine of \$10 or 15 days on one, and \$10 or 15 days on the other. Also penalized to the extent of \$10 or 15 days were Frank Kucharski and Edward C. Edwards.

Paul Sisk, Edmonton, pleading guilty to one charge of obstructing traffic and two of breaching and entering, and who told C.M.P. that he had been fined from the court because he didn't like military life, was sentenced to a total of four months, but at term were ordered to run concurrently, he will serve the longest period in any of the counts—15 months. On a fourth charge, of breach of national registration regulations, he was sentenced to one year.

Luther Phillips and Alve E. Skinner, both of Edmonton, were fined \$50 and costs or five months each on charges of obstructing traffic as an alternative, on charges of illegal sale of liquor.

Gordon Parks, who came to Edmonton from Vancouver, was accompanied by a girl who charged with leaving a building in the morning. The case was adjourned until April 11.

Myroslaw Itan, charged with assault, pleaded guilty and was fined \$10 or 14 days. The accused was found by a police officer about 20 minutes after he struck a student in front of a poolroom on 50 street.

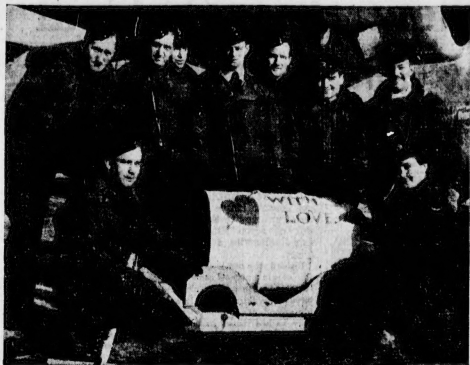

To Show Pictures At V.V.R. Parade

Supplied by the extension department of the University of Alberta, the first of a new series of war pictures will be shown at the regular weekly parade of the North Edmonton battalion, Veterans Volunteer Bureau, Wednesday night next at headquarters.

With a new Victory Loan campaign coming up and the possibility of a massed parade being called, an extraordinary parade, Gen. Butler, requests all members of the battalion to turn out to all future parades, commencing Monday at 8 p.m.

Since Canada's entry into the war, more than 100,000 tons of war material have been transported over the North Atlantic.

Airwoman's "Valentine" Delivered to Nazi Sub

When a four-motored R.C.A.F. Liberator blasted an enemy U-boat on St. Valentine's Day with depth charges and machine-gun fire, its last and largest depth charge was accompanied by a large red heart, a Cupid's arrow, and the message "With Love from Dot". Dot is Leading Airwoman Dorothy Fletcher, Grand Falls, Nfld., a clerk on the Newfoundland station and fiancée of Flying Officer "Pat" Cheater, pilot of the aircraft. Her L.A.W. Paul Leonard Hall, Que., navigator, who dropped his depth charge squarely beside the conning tower despite a hail of whizzing flak, Flying Officer A. P. V. Cheater, Regina, who courageously made four passes right over the submarine, and L.A.W. Fletcher holding the moist brush.

operator, Silverdale, B.C.; Sgt. S. S. "Sam" Archer, air gunner, Bradview, Sask.; Warrant Officer F. T. "Frank" Patterson, wireless air gunner, Forestburg, near Edmonton, Alta.; Pilot Officer J. A. "Jack" Banks, wireless air gunner and Patterson's pal for 17 years, also of Forestburg; Flying Officer M. S. "Mac" Wallace, co-pilot, Sling, Ont.; Warrant Officer Harry Kostik, Redwater, Alta., wireless air gunner, marking his second sub attack; Flying Officer Paul Leonard Hall, Que., navigator, who dropped his depth charge squarely beside the conning tower despite a hail of whizzing flak, Flying Officer A. P. V. Cheater, Regina, who courageously made four passes right over the submarine, and L.A.W. Fletcher holding the moist brush.

Nazi Sub Almost Definitely Sunk

3 Alberta Airmen Figure in "Valentine" Attack That Probably Destroys U-Boat

Exclusive to The Edmonton Bulletin. Copyright, 1944, by British United Press. AN R.C.A.F. STATION IN NEWFOUNDLAND, March 24.—A German submarine was almost definitely sunk by depth charges dropped by a long-range R.C.A.F. Liberator.

From this station after one of the hottest air-sea battles yet staged in the western Atlantic, the R.C.A.F. revealed here today.

The action took place on St. Valentine's Day, and the Liberator's only remaining depth charge, decorated with a painted red heart and inscribed "With Love from Dot" was believed to have been a death blow to the enemy U-boat. The crew of the Liberator dropped the depth charge after the submarine had plunged to the bottom leaving an oily swirl on the top of the ocean.

"Dot" is Leading Airwoman Dorothy Fletcher, Grand Falls, Nfld., a clerk stenographer in the operations room here and fiancée of F.O. A. P. V. "Pat" Cheater of Regina, Sask., captain of the Liberator.

P.O. Jack Burns, the plane's wireless air gunner whose home is at Forestburg, near Edmonton, Alta., is also engaged to a girl.

The bomber suffered no damage despite the fact that it made four separate runs over the submarine in the face of fierce enemy anti-aircraft fire.

SIGHTED AT DUSK Cheater sighted the U-boat at dusk 15 minutes after the sun had set. At first he was unable to tell whether it was a friend or foe, but the U-boat ended the uncertainty by losing a barrage of "ack" and "boom" replies.

In F.O. Cheater's crew were Flying Officer P. C. R. "Paul" LaFont, navigator and bomb aimer, Hull, P.Q.

Flying Officer M. S. "Mac" Wallace, co-pilot, Sling, Ont.

Pilot Officer J. A. "Jack" Banks, wireless air gunner, Forestburg, Alta.

W.O.F. J. "Frank" Patterson, wireless air gunner, also of Forestburg.

H. W. "Harry" Kostik, wireless air gunner, Redwater, Alta.

W.O.C. S. S. "Sam" Archer, wireless air gunner, Bradview, Sask.

W.O.C. S. S. "Sam" Archer, wireless air gunner, Bradview, Sask.

W.O.C. S. S. "Sam" Archer, wireless air gunner, Bradview, Sask.

W.O.C. S. S. "Sam" Archer, wireless air gunner, Bradview, Sask.

W.O.C. S. S. "Sam" Archer, wireless air gunner, Bradview, Sask.

W.O.C. S. S. "Sam" Archer, wireless air gunner, Bradview, Sask.

W.O.C. S. S. "Sam" Archer, wireless air gunner, Bradview, Sask.

House Passes Resolution on Aged Pensions

Continued from Page One

proposed an amendment to the motion. Mr. Wood referred to the original form, but changing the resolution as follows:

"(1) That the degree of blindness for qualification for pension should be modified."

"(2) To supplement this request by the provision of a pension of \$30.00 to 60 years of age for men."

"(3) To supplement this request by the provision of a pension of \$30.00 to 60 years of age for men."

"(4) That the method of payment of old age pensions be greatly increased to reduce administration costs."

"(5) That the foregoing five amendments should apply to blind persons over the age of 21."

"(6) That the degree of blindness for qualification for pension should be modified."

"(7) That the degree of blindness for qualification for pension should be modified."

"(8) That the degree of blindness for qualification for pension should be modified."

"(9) That the degree of blindness for qualification for pension should be modified."

"(10) That the degree of blindness for qualification for pension should be modified."

"(11) That the degree of blindness for qualification for pension should be modified."

"(12) That the degree of blindness for qualification for pension should be modified."

"(13) That the degree of blindness for qualification for pension should be modified."

"(14) That the degree of blindness for qualification for pension should be modified."

"(15) That the degree of blindness for qualification for pension should be modified."

"(16) That the degree of blindness for qualification for pension should be modified."

"(17) That the degree of blindness for qualification for pension should be modified."

"(18) That the degree of blindness for qualification for pension should be modified."

"(19) That the degree of blindness for qualification for pension should be modified."

"(20) That the degree of blindness for qualification for pension should be modified."

"(21) That the degree of blindness for qualification for pension should be modified."

Civil Servants, Enjoy Banquet, Entertainment

One hundred persons, members of the Amalgamated Civil Servants of Canada, Edmonton Council and their friends, gathered at the Corona hotel Thursday evening to participate in a banquet and entertainment.

L. Lloyd Jones, president of the local council, acted as chairman and told the gathering that, as civil servants, they should set an example in cooperation. He expressed the hope that this would be the forerunner of many similar gatherings.

IMPORTANCE GROWS

In proposing a toast to the association, Dr. J. W. Bultitude said that the association was more important today than ever before. Recognition was made by N. Payne, national vice-president, who discussed in brief some of the problems which would be taken to the national convention at Vancouver in June.

Mr. Payne declared that people who are maintained in the service for 12 months should have the opportunity of a permanent place. He termed a partial full-time and part-time staff "unfair," and urged members to take a more active part in the affairs of the organization.

N. Campbell proposed a toast to the guests, which was responded to by W. McDermott, president. Civil Servants Association of Alberta. It is necessary, said the latter, that in the post-war era this association be the strongest that can be had. He said he believed there should be compulsory membership, and added that 75 per cent of all civil servants belonged to the association today.

TOAST TO LADIES

A toast to the ladies was proposed by W. T. Begg, and response was given by Mrs. C. Kay. Vocal solos were given by C. Schreiner, A. Stead and W. Wright, the last-named acting as leader in a singing. Mrs. W. Wright and Mrs. Ada Taylor were accompanists.

The program concluded with a "quiz contest," conducted by H. W. Pugh, assisted by L. Payne, then Warhaft, Edith Bruce and W. Mulchronek.

Four Men Remanded After Police Raid

Arthur Nelson, Pete Prestella, Mike Opulski and Fred Letendre, charged by R.C.M.P. Thursday afternoon with keeping disorderly houses, were remanded by Magistrate A. J. Millar, K.C., to March 29. Bail in each case was set at \$1,000.

The four alleged gaming house keepers were among 45 arrested in two Wednesday midnight raids conducted by R.C.M.P. The remainder, charged with being found in a gaming house, were also remanded. Bail in these cases was set at \$500 each.

Restaurant Employees Assist Red Cross

The Edmonton Hotel and Restaurant Employees' Union Tuesday night presented the Edmonton Red Cross with a contribution of \$125, representing the net proceeds of a dance at the Memorial Hall. Shown receiving the check is Robert Muir, secretary of the union.

ary manager of the Edmonton Red Cross. Alex Young, general organizer of the union, is shown making the presentation. Standing from left to right are union officials Henry Phalempin, Anne Madzy, Mr. Muir, J. A. Derach, Mr. Young, Fred Babish and R. Christensen.

Police Probing Two Theft Cases

Two reports of theft were made to city police Thursday by Charles Smith, 1224 115 street, and Mike Bobels, 8602 102A avenue.

Two blankets were stolen from his car that afternoon, the first-named stated. The auto was parked on 105 street north of Jasper avenue. He valued the blankets at between \$12 and \$15.

A carpenter's plane was stolen from his premises during the past week, Bobels informed authorities.

Points for Parents

By EDYTH THOMAS WALLACE

Mother: "Come on, let's put your toys away and straighten up the living room before Daddy comes home."

Mother: "Pick up your toys now. I've told you four times to pick them up and you haven't even started yet!"

It is a wise parent who recognizes and accepts that getting a thing done while children are small usually involves initiating the action rather than repeating orders.

Seek Inquiry on Hail Insurance

The Legislature Thursday night adopted an amended resolution which will ask the government to consider setting up a committee to inquire into practicability of a co-operative hail insurance scheme, which would offer protection to farmers at rates lower than at present.

The motion was introduced into the House by David A. Ure (S.C., Red Deer), and was amended by Rev. J. A. Wingblade (S.C., Weyburn).

The original motion asked "That we urge the Lieutenant Governor in Council to give consideration to setting up a committee to inquire into the practicability of a co-operative hail insurance scheme whereby all lands sown to grain be automatically insured, premiums to be collected on basis of acres sown at an adequate rate covering losses and actual cost of maintenance."

Engineer Officer Is City Visitor

Lt.-Col. P. V. Harcourt, O.B.E., D.C.M., district engineer officer for M.D. 12, is in Edmonton Friday on a regular inspection tour of Canadian Army facilities in this area.

The officer just returned from a visit to Wainwright and Vermilion training centres.

Plan For Youth In Peace Period Said Necessary

There must be a plan for youth in the peace to come, a plan which will not only provide training and education for our young people, but more than that—a standard of life on a higher level than has heretofore been obtained.

Dr. W. A. F. Hepburn, director of education for Ayrshire, Scotland, visiting in Edmonton, said Thursday afternoon. In an address on "British Youth" before the Rotary club at the MacDonald, Dr. Hepburn emphasized that we must not make the same mistake when this war is over that we did in the last war—"set out to build a new world after the pattern of the old."

IMPROVE STANDARDS

"We have to continue in peace-time that same soul searching that we have been doing in wartime and try to raise the standard of our lives to a much higher level," he said.

He said that the many changes in our lives due to the war should continue into the peace. "In the past five years, training has been required and given; information needed and accepted; people placed at tasks for which they are fitted and regulations adopted to constrain us to be more careful of the interests of our fellows—these things must continue into the peace."

"Whether we like to admit it or not," he said, "we are coming into a scientific era and we must prepare ourselves and our young people for training in this highly technical world."

"There must be a fast development of education after the war," he said, "but more than that, the facilities for education should be evened out and multiplied to that everyone can have his chance."

Dr. Hepburn said that there is a bill before the British parliament which, if passed, will increase the annual expenditure for education from 140 million pounds to 220 million pounds.

REVIEWS PLANS

He reviewed some of the plans now in effect for youth in Great Britain, including careful attention to the nourishment and bodily needs of young people up to 18 years of age and greater co-operation between industry and education in providing a "joint guardianship" for young people.

He said that education must not only aim to make good physical human beings, mentally fit human beings, but also help them to reach a higher degree of moral excellence.

"It is not because we wish our people to serve the state or state only," Dr. Hepburn continued, "it is because we want good lives that we develop this program and we believe that only if there are good lives will it be possible for us to have a state and inter-state relations, which we require in this modern world."

"Man has overcome nature," he said, "and he will find out even more of her secrets as time goes by. But if he is to survive, he must actually exert a greater degree of power over himself and his way of living in a community."

Dr. Hepburn was introduced by Deputy Minister of Education, G. Fred McNally, who also attended the luncheon. Cy Blair, chairman of the Rotary Boys' Work Committee, presided as chairman.

Plan Referendum

CANBERRA, March 24.—(CP)—The Australian senate today passed a bill authorizing a national referendum to decide whether the Australian constitution should be widened by the addition of 14 new powers, including the Atlantic Charter's "Four Freedoms."

Former Edmonton Officer Promoted

Promotion of Capt. William J. Gibson, M.C., to the rank of major at Air C.I.E.T., Currie Barracks, was announced Friday by headquarters of Military District No. 12. Major Gibson, who has been overseas in two wars, has a lengthy military record. In the First Great War he served from 1915 to 1920 with the 6th Battalion British Columbia Regiment. Returning from overseas he joined the permanent force in March, 1921, and in the spring of 1933 was attached to the instructional cadre of M.D. 13 and posted to Edmonton where he served with the rank of Sergeant Major. Re-commissioned in January, 1938, Major Gibson was promoted to captain in August of the same year and in September was appointed General Staff Officer (3) on Divisional Headquarters of the 1st Canadian Division. He proceeded overseas early in 1941 and returned to Canada in October, 1942.

TCA Employees Aid Red Cross

Trans-Canada Air Lines' employees made a splendid showing in the recent drive to collect funds for the Canadian Red Cross.

In all, the TCA employees in all parts of Canada contributed \$4,000.85.

Winning offices and shops contributed nearly half the total amount.

Men are taught to see better at night by looking out of the side of the eye.

Sunland

BISCUIT COMPANY, LIMITED
EDMONTON

Both are training today for "top-flight" positions tomorrow . . .

In his "primary training" an Edmonton Bulletin carrier salesman in his own instructor; he learns by doing.

"Basic training" in business principles, keeping records and operating business are all a part of this training.

Securing new customers gives him "Advanced Training" in salesmanship that will prove invaluable to him in later life.

Capt. Eddie Rickenbacker said . . .

"The boy who applies to a career in aviation must be healthy, alert, intelligent, clean-living, and be able to think fast. I believe strongly in the character building, mind-training stimulus of the constructive work done by boys on their own newspaper routes."

MAIL THIS COUPON NOW!

Tell me more about getting an Edmonton Bulletin route.

Carrier Dept.
The Bulletin, Edmonton, Alberta.

Gentlemen:

I want to take advantage of the opportunities an Edmonton Bulletin route affords. Tell me how I can get one.

NAME

ADDRESS

In his "ground school," any problems which might confront him can be discussed with trained men who have guided boys' efforts for many years. They serve as "check pilots" as the boys advance in training.

And, just like the flying cadet, an Edmonton Bulletin carrier salesman earns cash while training and does his part in the war effort by keeping people of Alberta well informed.

World News Highlights Presented in Picture Form

General Ike Okays Invasion Tactics

Gen. Dwight D. Eisenhower, commander in chief of Allied forces, raises his fold glasses (upper left) to catch a closer view of invasion manoeuvres staged somewhere in Britain... Pointing with approval (right) to a well-engineered step in the "landing", General Ike looks convinced that the troops

have the situation well in hand... Explaining a certain phase of tank tactics that will be used in the attack, the General (bottom left) points out to a group of American officers, somewhere in Britain, possible enemy counter moves. The "invasion" over, the General (lower right) looks mighty pleased with the plan.

Jingle—Jingle—Jingle

Sylvia Offert leads the Oriental dancers in a picturesque scene from Warners' Technicolor pictorialization of "The Desert Song," which stars Dennis Morgan and the lovely Irene Manning.

Makes Germans Say "Kamerad"

When Richard Stern of Corona, L.I., was a German soldier in World War I, as seen at left, above, he never thought that some day he'd use his native tongue to talk fellow-countrymen into laying down their arms. But, as Pfc. Stern, U.S. Combat Engineer, right, he did just that during Yank assault on Monte Porchia, Italy. Stepping within 10 yards of German guns, he persuaded six gunners to come out and surrender. A Jew, Stern was persecuted by Hitlerites, escaped to U.S. as a refugee.

"Captain Bligh" Signs For Films

The first of the "Meet the Navy" cast to capitulate to Hollywood is Lt. Gen. Delos C. Emons, commanding general of the western defense command. The award was made to the President's son in San Francisco for "gallantry in action" last November at Makin atoll, in the Gilbert Islands.

President's Son Decorated

Lt. Col. James Roosevelt, Jr., U.S. Marine Corps, received the Silver Star from Lt. Gen. Delos C. Emons, commanding general of the western defense command. The award was made to the President's son in San Francisco for "gallantry in action" last November at Makin atoll, in the Gilbert Islands.

Not So Sunny Italy

Offhand you'd probably guess this to be a scene in the Russian Winter front, rather than in sunny Italy, where this Canadian tank crew are finding the going plenty tough during a blinding snow storm on the Fifth Army front.

First American Flag to Fly Over Berlin

Crew members of the Flying Fortress "Flagship" look at their standard, the first American flag to fly over Berlin when the ship participated in the first American raid over the Reich capital.

The British General Grooms the Russians

One of Gen. Montgomery's last acts in Italy was to welcome senior Russian officers, presenting them with cigarettes and

lighters. "Monty" is now in England; and the Russian armies are deep in old Poland, and at the gates of Rumania.

Signallers Perform Heroic Tasks in Italy

Where there is fighting you will find men of the Royal Canadian Signals. In Italy, the signallers have written new and heroic chapters into military history, keeping communications open during bitter and earth-shaking battles. These two recent pictures from Italy show two R.C.S. men near the frontline. On the left is Gnr. G.

Marquis, M.M., of Baker Brook, N.B., testing a telephone line strung over a second storey balcony in a farmhouse used by Canadian artillery spotters. Marquis won his M.M. at Campobasso. Right: Keeping open lines of communication in a forward area. Mortar shells knocked out this signal circuit. Making repairs is Gnr. G. Andrew of Rapid City, Manitoba.

Russian Guerilla Heroes

When the history of this war is written, quite a big slice of the glory of the Allied victory will go to the Russian guerillas. Their slogan is "Blood for blood and death

for death." Here one of those guerilla thousands receives a decoration for distinctive action against the Nazis.

California Storm Sweeps Cars Off Road

A torrent of water swept across Tujunga Bridge, near Los Angeles, Calif., tearing down fences and washing cars off the road during the worst storm in southern California in seven years. The occupant of one of the two cars shown (foreground and left) was drowned, the other rescued.

for death." Here one of those guerilla thousands receives a decoration for distinctive action against the Nazis.
